

## To Reserve Stalls for KHJA Fall Classic

<https://www.horseshowing.com/mobile/index.html>

All stalls for a group need to be reserved in one single online account to be guaranteed to be stabled in a group. Stalls are not available on entries, but only by using the “Stalling/Feed and Bedding” menu item in your FREE Horseshowing.com account (or create one if you don’t have one). New accounts will need to populate the “people” file with the trainer/main person name that you wish the reservation to be under. Farm/entity names not permitted as trainer, it must be a person. You will use this same account to submit entries later. If you have your USEF number it will auto populate all the fields for you by clicking ADD then USEF lookup. When populating your Horses/People Files for entries always do the horse first then all fields will auto populate for the horse and the owner. Don’t forget to add all possible riders before submitting.

There is **NO CHARGE for submitting entries online** at this show, the KHJA has prepaid those for you. **Late fee is waived for all entries submitted online until September 12<sup>th</sup>.**
